

AIR BLOW GUN SILVENT 2050-X

Item number: 20000169758, 20000269758

SILVENT 2050-X is an aluminum air blow gun designed with a revolutionary air nozzle technology for optimal efficiency, safety and noise reduction. The new patented multi Laval technology constitutes a new dimension in blowing technology. The effect is achieved by optimizing the air pressure change from potential energy to aimed concentrated kinetic energy. The stainless steel air nozzle is the outcome of Silvent's leading R&D in compressed air dynamics. The air blow gun is suitable in any industry where durable tools are required to make the job quick, quiet and with the operator's safety in mind.

Perfect for demanding applications

Equipped with an extension pipe, these air blow guns are ideal for applications that are hard-to-reach or hazardous for the operator. A properly dimensioned extension pipe protects the face from dangerous flying debris and spattering, and allows the user to maintain a more ergonomically correct working posture.

Softgrip handle

These safety air blow guns can be equipped with softgrip handles that are easy on the hand and insulate against both heat and cold.

Practical design

The 2000 grip is made of aluminum and is highly versatile, lightweight and user-friendly. It has a modern and practical design that can be fitted with various types of safety nozzles, extension pipes, safety accessories, etc.
