

## AIR BLOW GUN

### SILVENT 2053-X-SG

*Item number: 20000170004, 20000270004*

SILVENT 2053-X-SG is an air blow gun that has a stainless steel nozzle with patented multi-Laval technology. The nozzle of the air blow gun creates a concentrated jet of air with reduced turbulence, thus enabling a more targeted, effective blowing force. This makes the air blow gun suitable for most types of applications and industries. The blowing force is about three times higher compared to a regular air blow gun which means the work can be done quickly and efficiently. Equipped with a Softgrip handle for greater comfort.

#### Perfect for demanding applications

Equipped with an extension pipe, these air blow guns are ideal for applications that are hard-to-reach or hazardous for the operator. A properly dimensioned extension pipe protects the face from dangerous flying debris and spattering, and allows the user to maintain a more ergonomically correct working posture.

#### Softgrip handle

These safety air blow guns can be equipped with softgrip handles that are easy on the hand and insulate against both heat and cold.

#### Practical design

The 2000 grip is made of aluminum and is highly versatile, lightweight and user-friendly. It has a modern and practical design that can be fitted with various types of safety nozzles, extension pipes, safety accessories, etc.
