

AIR BLOW GUN SILVENT 2055-S

Item number: 20000169021, 20000269021

SILVENT 2055-S: with a stainless steel nozzle. Recommended if your application requires extreme resistance to wear. The nozzle can withstand nearly any existing application. Designed with aerodynamic slots to use compressed air optimally and generate as little sound as possible. The blowing force is equivalent to the aluminum nozzle on our standard 2000 series gun. Blowing force 15.0 N (3.3 lbs).

Perfect for demanding applications

Equipped with an extension pipe, these air blow guns are ideal for applications that are hard-to-reach or hazardous for the operator. A properly dimensioned extension pipe protects the face from dangerous flying debris and spattering, and allows the user to maintain a more ergonomically correct working posture.

Softgrip handle

These safety air blow guns can be equipped with softgrip handles that are easy on the hand and insulate against both heat and cold.

Practical design

The 2000 grip is made of aluminum and is highly versatile, lightweight and user-friendly. It has a modern and practical design that can be fitted with various types of safety nozzles, extension pipes, safety accessories, etc.
