

## AIR BLOW GUN

### SILVENT 29002W-S+

*Item number: 20000169742, 20000269742*

SILVENT 29002W-S+: a air blow gun fitted with an energy-efficient flat nozzle that generates a strong, efficient blowing force at an exceptionally low noise level. Compressed air is optimally used in this air blow gun, which through its unique design introduces a completely new blowing technology feature. The aerodynamic nozzle design achieves the effect by maximising entrainment of air. Each orifice is also uniquely designed to optimise the entrainment area. The nozzle is made of stainless steel. This safe and durable air blow gun fits environments where cleaning of bigger areas are needed.

#### Perfect for demanding applications

Equipped with an extension pipe, these air blow guns are ideal for applications that are hard-to-reach or hazardous for the operator. A properly dimensioned extension pipe protects the face from dangerous flying debris and spattering, and allows the user to maintain a more ergonomically correct working posture.

#### Softgrip handle

These safety air blow guns can be equipped with softgrip handles that are easy on the hand and insulate against both heat and cold.

#### Practical design

The 2000 grip is made of aluminum and is highly versatile, lightweight and user-friendly. It has a modern and practical design that can be fitted with various types of safety nozzles, extension pipes, safety accessories, etc.
